

2013 Annual Report

Organization Information

Our mission: To enrich the lives of our community through sustainable urban agriculture. We envision people experiencing a direct and deep connection with plants, the land and each other.

Through our programs...

Growing Gardens provides the opportunity for children, youth, adults, seniors and people with disabilities, to create a healthy lifestyle with nutrition education, access to fresh vegetables, job training and physical, as well as social activity, through urban agriculture programs.

Through land preservation...

We preserve and protect agricultural land for everyone. Our main garden site, located in North Boulder, has been in agricultural use for the past 100 years.

Goals for 2013:

1. Children, youth, adults, seniors and people with disabilities will create healthy lifestyles, through gardening activities, nutrition education and food preparation.
2. Diverse youth participants will demonstrate an increase in community leadership skills, job skills and participate in more community service activities.

2013 In Short-

- We directly served a total of 9,049 diverse people in 2013, of those 55% were low-income.
- We served over 222 youth, 3,621 children, 217 seniors and people with disabilities, and over 4,900 low-income individuals.
- Our volunteers donated over 4,600 hours of service.
- 33% of our participants were of diverse racial and cultural heritage.
- We donated a total of 2,242 lbs. of produce, 400 seed packets and 7,093 plant starts.
- We partnered with over 113 agencies to better serve our community.

Local teenagers from diverse backgrounds cultivate a 1.5 acre organic garden. This program builds lifelong leadership, teamwork and entrepreneurial skills.

The iCultura! youth also teach and guide younger children, learn about cooking, nutrition, beekeeping and they volunteer in the community.

2013 Achievements

47 youth from diverse backgrounds participated in the iCultura! Youth Project. Our teens:

- Cultivated and harvested organic produce for our 60 share CSA (increase of 10 from 2012)
- Wrote articles and recipes for 20 CSA newsletters
- Gleaned produce at 10 Farmers' Markets for donation to local food banks
- Attended cooking classes to learn how to prepare and eat the vegetables they grow
- Learned about honeybees and goat husbandry

100% reported "I feel like I improved my job skills working at Cultiva"

93% reported "I feel more connected to the community after working at Cultiva"

83% reported "I feel that I have increased my leadership skills after working at Cultiva"

98% reported "Cultiva helped me to be more tolerant and understanding of others"

The Children's Peace Garden is a place for fun and learning. Lessons are available to children aged 3 -10 with activities that are age-appropriate about

the life processes of plants, the inter-dependency of species, where food comes from, how to grow food, and respect for self, others and the environment.

2013 Achievements

Our Children's Peace Garden Program:

- 3,621 children served, 43% low income
- Hosted 46 field trips at our farm
- Visited 15 classrooms to teach gardening
- We expanded our summer camp to 9 weeks (2 more weeks than in 2012)
- Doubled our After School Garden Club program to 35 students
- Attended 9 outreach events in the community to lead children's gardening activities

98% of the children reported increased knowledge of sustainable agriculture

94% reported greater physical fitness

95% said they knew more about where their food comes from.

98% tried one new vegetable.

"My son ate more vegetables than I've ever seen!"
~ School Field Trip Parent

"My favorite was putting on the bee suits, seeing bees, tasting honey and the royal jelly."
~ Summer Camp Participant

"Both children have come home full of facts and excited about the garden. My son has a new love for radishes!" ~ Summer Camp Parent

Growing Gardens manages 495 garden plots in ten different Boulder County neighborhoods where families at every level of gardening skill can grow

food and have a positive community experience.

2013 Achievements

We had 495 garden plots serving 1,281 total participants. Gardeners took classes and held potlucks and social events at their individual sites.

77% said the Community Garden provided their only means of growing food

84% of gardeners donated between 1 and 50 lbs. of food to neighbors, friends or community members in need

91% met new people and/or increased their connection to their community through this program

98% were physically active 1-10 hours per week

because of the community garden program

78% ate more fruits and vegetables because of their participation in the community garden

"Being outdoors, participating in growing food, fresh air and the awareness of this special community...being a part of it is very enriching." ~ Community Gardener

CLASSES

We offered ten organic gardening and cooking classes this year to increase our educational offerings to the public (seven more classes than in 2012)

- 8 month intro to beekeeping series
- 2 intro to organic gardening classes
- 1 worm composting class
- 4 garden to table cooking classes
- 1 canning class
- 1 cheese making and fermentation class

In partnership with local agencies that serve seniors and people with disabilities, the Horticultural Therapy program offers monthly

gardening classes and activities as well as lessons in cooking and crafts using garden plants.

2013 Achievements

We served 217 seniors and people with disabilities and partnered with 5 agencies in Boulder County. Participants planned, grew and harvested from their gardens. They learned to prepare food for friends and family, learned about insect habitats, and participated in garden art projects.

- 94% composted their food scraps
- 100% tasted a new food
- 67% cook more at home because of the class
- 75% were more physically active
- 88% have met someone new or increased social interactions

*"I never used to like gardening until I came here."
Christopher Donley- Horticultural Therapy participant.*

Our Fresh Food, Families and Fitness Project grew and donated 7,093 plants and 400 seed packages. This produced 54,000 meals in our community!

3,315 low income individuals received plants starts and seeds for their gardens.

Over 2,242 pounds of produce was donated through Growing Gardens' Community Gardens and our ¡Cultiva! Youth Project.

Orchard Update

Growing Gardens is in the process of establishing a demonstration orchard composed of over 180 heirloom and modern fruit trees and 3,500 strawberry plants and raspberry bushes on the eastern five acres of the property. We will also plant hedgerows and riparian cover to reduce erosion, provide insect and bird forage and habitat, improve water quality and provide wildlife corridors.

In 2013, we completed Phase I of the project that connected two irrigation water sources and installed an underground cistern.

The orchard will provide educational opportunities for backyard gardeners to learn about sustainable fruit gardening and to see the many varieties of berries and fruit trees well-suited to Colorado's climate. It will also add to the curriculum we teach in our programs for children, youth, adults and seniors, and provide more food for community based food share programs through donation to low income families.

Thank you for helping to make this year a great success, we could not have done it without your support and generosity. We hope our relationship continues to blossom!
